INGENIEUR.DE MEDIA DATA
The entire world of engineering under one roof
What can you expect?

What INGENIEUR.de stands for

Target group & key facts

New features & highlights
No other occupational group is in such demand as engineers. The digital platform of INGENIEUR.de serves as a job market and news portal complete with a big career and technology magazine.

The sections “Technology”, “Specialisations”, “Research”, “Products” and “Business” cover the full range of topics in the engineering field.

INGENIEUR.de belongs to VDI Verlag, the leading media company for engineers as well as technical specialists and management executives. The information portfolio of the publisher is designed to provide professional support to this target group in their work-related activities and their career planning.
The INGENIEUR.de community continues to grow – also in the social networks.

INGENIEUR.de reaches its users not only via the stationary and mobile Web but also via the social media channels.

Social media can play an important role in effective and expressive content marketing campaigns by facilitating communication with engineers.
